

KARAN SINGH

Machine Learning Engineer

CONTACT ME

- ☎ +91 9350365060
- ✉ iamkaran1804@gmail.com
- 📍 Kalka, Panchkula, Haryana 133302

EDUCATION

Indira Gandhi University, Meerpur
Bachelor of Technology , CSE
2019 - 2023

SKILLS

- Machine Learning
- Data Science
- Python
- NLTK
- Leadership Skills
- Artificial Neural Networks
- SciKit Learn
- LLMs
- Data Analysis

ABOUT ME

I am a dedicated Machine Learning Engineer with a proven track record in developing and deploying data-driven solutions during two pivotal internships. Proficient in utilizing cutting-edge algorithms and tools to analyze complex datasets, uncover insights, and optimize model performance. Demonstrated ability to work collaboratively with cross-functional teams to transform business challenges into actionable strategies. Passionate about keeping abreast of the latest trends in AI and ML, with a commitment to continuous learning and professional growth

WORK EXPERIENCE

ineuron.ai

June 2023 - August 2023

Machine Learning Intern

- Conducted market research and segmentation during my internship.
- Developed machine learning models.
- Created prototype models for testing and validation.

ineuron.ai

March 2023 - Sep 2023

Project intern (Machine Learning)

- Collected and cleaned datasets for a phishing domain detection model, performed feature engineering to enhance accuracy, developed and deployed the machine learning algorithm in a real-time environment with continuous monitoring for performance optimization.

ineurn.ai

June 2023 - August 2023

Project intern (Data Analysis)

- Gather and clean data for comprehensive analysis.
- Construct sales dashboards using Power BI for clear visualization.
- Provide insights into Amazon sales on an annual and monthly basis.
- Deliver detailed year-to-month sales trend breakdowns.

CERTIFICATIONS AND COURSES

- Machine Learning in Production
DeepLearning.AI • 2023
- Python for Data Science
Indian Institute of Technology Madras • 2023
- Introduction to Machine Learning
Indian Institute of Technology, Kharagpur • 2022
- Google Data Analytics
Grow with google on Coursera • 2023
